BASIC-ABSTRACT:

The cord (3) passing through the transversal hole (2) in the front end (8) of the body (1) has a peg (4) at each end. Each peg has a cup top (9) on which a golf ball may be placed and a pointed base for insertion in the ground. A golfer is thus able to place a ball in one of the cups for play purposes, the pegs then being reusable. Also on the body is a rake (5) for repairing green damage.

USE - As an aid for golfers.
